## JRT® COMBINATION TISSUE DISPENSER

Dispenser is made of a durable grey plastic body and smoked transparent cover. It can dispense either two full 8.6" diameter rolls or one standard 13" diameter roll plus stub roll. All rolls have 3.58" width. With two full 8.6" rolls, it holds more than the equivalent in length of ten standard rolls. Design minimizes run-out, waste, and maintenance time. Features hinged front cover, push button for easy opening or common key lock to reduce pilferage, and tear-off bars on sides and front of dispenser opening. Dispenser is shipped one per case.

**Suggested mounting height is 30".**

**When installed properly and used with the corresponding product, this dispenser meets the ADA Standards for Accessible Design, local rules may vary.**

*NOTE: Unless otherwise noted, suggested mounting height is the distance from the floor to the bottom of the dispenser.*
