MOD* RECESSED STAINLESS STEEL FRAME

Made of stainless steel, the Mod* Recessed Dispenser Frame allows for a wall mount installation of our 31501 Mod* Stainless Steel Dispenser Housing and combined with either the Mod* electronic or mechanical housing, supports and promotes better hand and surface hygiene. The frame comes assembled and ready for attachment to the dispenser and provides a finished frame surround for the dispenser when it is installed on a wall surface. The dispenser (31501), and the module must be ordered separately.

Suggested mounting height is 48" from the bottom of the frame and housing.

When installed properly, this dispenser meets the ADA Standards for Accessible Design, 28 CFR Part 36, local rules may vary.

NOTE: Unless otherwise noted, suggested mounting height is the distance from the floor to the bottom of the dispenser.
