Eye and Face Protection – Simplified

Jackson Safety® V90 Shield

When your job involves risk of splashes or flying particles, wearing safety glasses is not enough. Protect yourself with the V90 Shield from the Jackson Safety® brand.

The V90 Shield provides full eye and face protection from liquids and particulates without the hassle of primary eye protection underneath a face shield. A detachable, curved face shield conforms to the shape of the face, offering added protection against splashes and airborne particulates. Anti-fog lenses deliver visual clarity in humid environments.
Jackson Safety® V90 Shield

**Features**

- **Meets ANSI Z87.1+2010 standards** with impact-resistant polycarbonate lenses
- **Made of a polycarbonate material** that provides 99.9% UVA/UVB/UVC protection to help prevent eye damage like cataracts, retinal damage, and other conditions that can cause temporary vision loss
- **Provides D3 droplet and splash protection**
- **Versatile**, as polycarbonate shield can detach from the Monogoggle® XTR® safety goggles (goggles and detachable shield included)
- **Increased visibility** from cylindrical lens and anti-fog coated lenses
- **Comfortable and lightweight** design fits over most prescription eyeglasses

**IRUV Lens Options Available:**

- **18631**: The IRUV 3.0 lens protects against infrared and ultraviolet radiation and is ideal for light torch brazing, light to medium cutting, and grinding applications.
- **18633**: The IRUV 5.0 lens protects against infrared and ultraviolet radiation and is ideal for medium to heavy cutting and grinding applications.

**V90 Shield Goggle Protection**
